MISSIONARY SPOTLIGHT

Shepherds College

Union Grove, WI

Shepherds College is the nations leading post secondary school created with the learning needs of students with IDD, intellectual and developmental disabilities in mind.

When you learn in an environment designed specifically for you, you thrive, and these students do just that. Shepherds is a Christian organization and they teach bible classes along with three different occupational classes, Horticulture, Culinary Arts, and Technology. The student to faculty ratio is 8 to 1 and the faculty emphasize that each of us has been created by God on purpose and for a purpose. While the average employment rate in the United States for special needs adults is 17%, Shepherds College has a gainful employment rate of 80%. The college had its first class in 2008 with just five students and they have now graduated 216.

Shepherds was recently filmed by a program called Small Town, Big Deal and it was shown nationally. It is really an excellent program and can be seen by going to shepherdscollege.edu and it will be right there for you to click on and view. Only about twenty minutes with no commercials. Go check it out!

Please join them in prayer:

- For financial needs to be met, that they can keep their doors open for their students
- For students to come to know Jesus as their Savior
- For faculty and staff to grow in wisdom as they strive to educate and help their students
- For a continued positive reputation in their community and around the nation
